

Take Part with OLE Art!

Art in the Classroom - Interact with your kids in the classroom once a month by leading a fun class with other art-loving volunteers! This easy and imaginative program explores concepts of *Line, Shape, Color* and *Texture* and gives OLE kids hands-on art time to explore their creativity. No art experience is necessary! Find lesson plans, helpful tips and project examples at: www.OtterLakeArtInTheClassroom.wordpress.com

Art Adventure - Give your kids a greater understanding of *Art Appreciation* this February! Volunteer for this Minneapolis Institute of Art program and help students explore the theme “*Let’s Celebrate Life!*” as they learn about art in the wider world. Visit MIA’s website to learn more: [www. artsmia.org/discover/art-adventure](http://www.artsmia.org/discover/art-adventure)

White Bear Center for the Arts - OLE is happy to partner with the WBCA! This year, WBCA instructors will visit our school to teach *six* art classes. These sessions help kids master different art techniques and mediums! Check out the WBCA website for even more programs in the community: www.whitebeararts.org

Art in the Classroom and Art Adventure would not be possible without the help of dedicated volunteers! Thank you for your continued support of OLE Art!
